About Us

Speak2Speak Linguistics is an innovative EdTech company focused on AI-powered language learning. We combine linguistic theories with advanced AI technology to deliver smart, effective solutions. Our systems are based on phonetics, psycholinguistics, and second-language acquisition principles. We help students improve comprehension, pronunciation, fluency, and confidence. Our products include AI Language Kiosks, Language Labs, and Virtual AI Teachers. With proven results, we help schools become future-ready with AI in education.
